

American Association of University Women
Manhattan Branch KSU Scholarship Fund

2023

An Endowed Fund of the Greater Manhattan Community Foundation

The Manhattan Branch of the American Association of University Women was organized in 1920 as the fifth Kansas Branch of the Association of Collegiate Alumnae shortly before the national association changed its name to the American Association of University Women. When the Manhattan Branch was formed, it made a financial commitment to develop scholarship funds for women at Kansas State University. By the early 1920's they had raised enough money to start awarding scholarships and loans to KSU female students in their Junior or Senior year. Eventually, a Graduate Student Scholarship was also developed. Over the years, the funds have grown and the criteria has changed, making the scholarships what they are today. In 2012, members of the Manhattan AAUW Branch established the American Association of University Women Manhattan Branch KSU Scholarship Fund at the Greater Manhattan Community Foundation ("GMCF"). Through this endowed fund, Manhattan AAUW Branch members have ensured permanent scholarship support for female, non-traditional students working toward a degree from Kansas State University. GMCF welcomes women attending Kansas State University for the 2023-2024 academic year to apply for these scholarships by submitting a completed application, transcripts, and three letters of reference postmarked or emailed no later than March 20, 2023, as instructed within. The Branch is excited to be able to award up to four incentive grants. Each incentive grant will be for a minimum of \$1,000. One of the incentive grants will be a \$1,500 award due to a generous Trust donation given by former member Mavis Fletcher.

Candidates must be considered full-time according to K-State standards and have at least two complete semesters of credit remaining before graduation to qualify. Students taking courses solely through distance education are not eligible. Candidates must be returning to school after at least a three (3) year lapse in education, which may be continuous or not. Applicants may already have returned to college after the time lapse.

ALL REQUIREMENTS MUST BE FULFILLED FOR YOUR APPLICATION TO BE CONSIDERED.
