The Manhattan Branch of the American Association of University Women was organized in 1920 as the fifth Kansas Branch of the Association of Collegiate Alumnae shortly before the national association changed its name to the American Association of University Women. When the Manhattan Branch was formed, it made a financial commitment to develop scholarship funds for women at Kansas State University. By the early 1920's they had raised enough money to start awarding scholarships and loans to KSU female students in their Junior or Senior year. Eventually, a Graduate Student Scholarship was also developed. Over the years, the funds have grown and the criteria has changed, making the scholarships what they are today. In 2012, members of the Manhattan AAUW Branch established the American Association of University Women Manhattan Branch KSU Scholarship Fund at the Greater Manhattan Community Foundation ("GMCF"). Through this endowed fund, Manhattan AAUW Branch members have ensured permanent scholarship support for female, non-traditional students working toward a degree from Kansas State University. GMCF welcomes women attending Kansas State University for the 2026-2027 academic year to apply for these scholarships by submitting a completed application, transcripts, and three letters of reference postmarked or emailed no later than April 17, 2026, as instructed within. The Branch is excited to have the ability to award up to four incentive grants. Each incentive grant will be for a minimum of \$1,500.

Candidates must be considered full-time according to K-State standards and have at least two complete semesters of credit remaining before graduation to qualify.
